

<p align="center">SAFETY DATA SHEET</p> <p align="center">according to Regulation (EC) No. 1907/2006 of the European Parliament and Council, as amended by Regulation (EC) 830/2015.</p>		
<p align="center">WHITE VASELINE EP</p> <p align="center">VASELINE YELLOW EP</p>		
Release date: 19/04/2016	Revision date: 23/03/2017	Version D

SECTION 1: Identification of the substance/mixture and of the company/undertaking		
1.1	Product identifier	
	Name:	110500010 Vaseline white EP (703050) 110500175 Vaseline white EP (703001) 110600175 Vaseline yellow EP (703000)
	INCI name:	Petrolatum
	CAS identification number:	8009-03-8
	EC number:	232-373-2
	Registration	01-2119490412-42-xxxx
	number: 1.2 Relevant identified uses of the substance or mixture and uses advised	
against Intended uses:	Use:	
	Fabric production - industry.	
	Substance distribution-industry.	
	Formulation and (re)packing of substances and mixtures - industry.	
	Application in coatings - industry, professional workers, consumers.	
	Use in cleaning agents - industry, professional workers, consumers.	
	Use of agrochemicals by professional workers, consumers.	
	Road and construction applications - professional workers.	
	Production and processing of rubber - industry, professional workers.	
	Production and processing of polymers - industry, professional workers.	
Fuel - industry, professional workers, consumers		
Fuel - industry, professional workers, consumers..		
Unrecommended uses:	Not specified.	
1.3 Detailed information about the supplier of the safety data sheet		
	Place of business or registered office:	Ekokoza s.r.o., Fryčovice 297 73945, Fryčovice
	Phone:	+420 605779993
	Professionally qualified person:	obchod@ekokoza.cz
		www.ekokoza.cz
1.4 Telephone number for emergency situations		
Toxicology Information Centre, Na Bojišti 1, Prague (24/7) +420-224919293 +420-224915402		
Information only for health risks - acute poisoning of humans and animals		

SECTION 2: Hazards identification		
2.1	General classification of the mixture:	According to Regulation (EC) 1272/2008, it is not a dangerous substance.
	Dangerous health effects: The product is not classified as dangerous.	
	Dangerous effects on the environment: The product is not classified as dangerous.	

SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006 of the European Parliament and Council, as amended by Regulation (EC) 830/2015.		
WHITE VASELINE EP VASELINE YELLOW EP		
Release date: 19/04/2016	Revision date: 23/03/2017	Version D

	Physico-chemical effects:	-----	
	Classification of the substance or mixture		
	Classification according to 1272/2008	Class codes and hazard categories Not classified.	Hazard statement codes: Not classified.
2.2 Label elements Hazard			
	warning symbol:	Vacantly.	
	Signal word:	Vacantly.	
	Standard phrases about danger:	They are not.	
	Standard phrases for safe handling:	They are not.	
	Additional information:	No danger under normal conditions of use.	
2.3 Other hazards Neither the mixture nor the components are assessed as PBT or vPvB at the date of preparation of the safety data sheet.			

SECTION 3: Composition/information on ingredients				
Mixture classification: Pasty mixture of refined hydrocarbons.				
Identifier of a non-hazardous component	Concentration / concentration range	Index number CAS number	Index number EC number	Classification 1272/2008
Vaseline white, yellow	100%	8009-03-8	232-373-2	
The product does not contain hazardous substances for human health or the environment. Regulation 67/548/EEC, Directive 1272/2008 (CLP).				
The full wording of H-phrases, P-phrases is given in chapter 16.				

SECTION 4: First aid measures 4.1	
Description of first aid measures	
No hazards requiring special aid. Never give anything by mouth to an unconscious person.	
Inhalation: In	Move the victim to fresh air. In case of irritation, seek medical attention.
contact with the skin:	Generally does not irritate the skin. Remove contaminated clothing, wash affected skin with running water and soap. Contact with hot product can cause burns. In case of irritation, seek medical attention.
In case of eye contact:	Immediately flush wide open eyes with running water for at least 10 minutes. Seek medical attention.
If ingested:	Rinse mouth with plenty of water. Swallowing hot product can cause burns. See a doctor.
4.2 Most important symptoms and effects, both acute and delayed No information.	

<p align="center">SAFETY DATA SHEET</p> <p align="center">according to Regulation (EC) No. 1907/2006 of the European Parliament and Council, as amended by Regulation (EC) 830/2015.</p>		
<p align="center">WHITE VASELINE EP</p> <p align="center">VASELINE YELLOW EP</p>		
Release date: 19/04/2016	Revision date: 23/03/2017	Version D

4.3 Indication of any immediate medical attention and special treatment needed
No information.

SECTION 5: Firefighting measures		
5.1 Extinguishing		
media Suitable	Foam, powder, carbon dioxide, sand, clay.	
extinguishing media: Unsuitable	extinguishing media: Full stream of water.	
5.2 Special hazards arising from the substance or mixture	At high temperatures, the following may form: CO, CO ₂ , NO _x , SO ₂ and smoke.	
5.3 Instructions for		
firefighters	In case of insufficient ventilation, use suitable breathing equipment. Depending on the size of the fire, use full protective equipment.	

SECTION 6: Accidental release measures		
6.1 Personal		
precautions, protective equipment and emergency procedures	Use personal protective equipment. Usual precautions when working with chemicals. Avoid contact with hot product.	
6.2 Environmental protection measures	Prevent leakage into underground, surface and waste waters, soils and sewers by using appropriate barriers (sand, clay).	
6.3 Methods and material for containment and clean-up	Follow up with an absorbent (clay, sand, universal absorbent) and transfer to a suitable, marked replacement container and dispose of in accordance with regulations.	
	Small Spill: Stop the spill if it is safe to do so. Remove container from spill area. Dilute with water, absorb with dry material and place in appropriate waste disposal container.	
	Large Spill: Stop the spill if it is safe to do so. Remove container from spill area. Avoid entering sewers, waterways, building foundations or confined spaces. In the event of a spill, absorb with a non-flammable absorbent material, e.g. sand, earth, place in a container for waste disposal in accordance with local regulations.	
6.4 Reference to other sections		
	See section 7 Information on safe handling.	
	See Section 8 for information on personal protective equipment.	
	See section 13 for disposal information.	

SECTION 7: Handling and storage		
7.1 Precautions for safe handling	Use personal protective equipment (see point 8). Follow the rules for working with chemicals. Do not eat, drink or smoke while working. After work and after eating, wash your hands with soap and water and treat with repair cream. Avoid contact with hot product, watch out for slippery surfaces. Avoid aerosol formation when pumping the product.	
7.2 Conditions for safe storage of substances and mixtures, including incompatible substances and mixtures	Store in tightly closed containers in a well-ventilated place. Protect from direct sunlight, heat sources and strong oxidizing agents. Store packaging separately from food.	
7.3 Specific end / specific end uses	Not listed.	

SECTION 8: Exposure controls / personal protective equipment				
8.1 Control parameters	The usual safety measures for handling chemicals must be observed Wash hands before breaks and at the end of work, do not eat, drink or smoke while working.			
	Exposure limits according to Government Regulation No. 361/2007 Coll., as			
Name of substance (ingredient):	TIME	amended PEL mg/m ³	NPK-P mg/m ³	Note

SAFETY DATA SHEET		
according to Regulation (EC) No. 1907/2006 of the European Parliament and Council, as amended by Regulation (EC) 830/2015.		
WHITE VASELINE EP VASELINE YELLOW EP		
Release date: 19/04/2016	Revision date: 23/03/2017	Version D

	TODAY	Not listed
	PNEC	Not listed
8.2 Exposure controls Keep		
away from food, drink and feed. Remove clothing contaminated with the product immediately. Follow the rules for working with chemicals.		
Limiting worker exposure Respiratory		
protection: In case of vapors or aerosols.		
Eye protection: Wear safety glasses.		
Hand protection: Use protective gloves.		
Skin protection: It is not necessary.		
Limiting environmental exposure No information available.		

SECTION 9: Physical and chemical properties 9.1		
Information on basic physical and chemical properties		
Appearance: Paste.		
Color: White (yellow)		
Odor: Almost odorless.		
Odor threshold: No information. pH (at 20°C): No information.		
Melting point / Freezing point (°C): 48 – 56 Initial boiling point and boiling range (°C): No information.		
Flash point (°C): > 150		
Evaporation rate: No information.		
Flammability: No information.		
Explosive or flammability limits: upper limit (% by volume): No information. lower limit (% vol): No information. < 0.01 mbar No information.		
Vapor pressure (20 °C):: Vapor		
density: Relative density (20 °C): Solubility (20 °C): g.dm-3		There is no information. In water < 10-2
Partition coefficient: n-octanol / water:		There is no information.
Autoignition temperature:		There is no information.
Decomposition temperature: Viscosity (20°C): mm2 .s-1		There is no
Explosive properties:		information.
Density at 20 °C (g.cm-3)		5 – 10 Unknown. about 0.9.
Oxidizing properties:		There is no information.
9.2 Additional information (None)		

SECTION 10: Stability and reactivity	
10.1 Reactivity No	information available.
10.2 Chemical stability The	product is stable under normal conditions. Thermal reaction at at least 180 °C.
10.3 Possibility of hazardous reactions	No hazardous reactions will occur under normal conditions.
10.4 Conditions to avoid Info not available.	
10.5 Incompatible materials Avoid	contact with oxidizing agents.
10.6 Hazardous decomposition products	They do not occur under normal conditions.

SAFETY DATA SHEET		
according to Regulation (EC) No. 1907/2006 of the European Parliament and Council, as amended by Regulation (EC) 830/2015.		
VASELINE WHITE EP VASELINE YELLOW EP		
Release date: 19/04/2016	Revision date: 23/03/2017	Version D

SECTION 11: Toxicological information		
11.1 Information on toxicological effects The		
	product is not classified as a dangerous substance. If used correctly, it does not cause any harm to health.	
	Acute toxicity	
a) LD ₅₀ orally, rat (mg.kg ⁻¹):	> 5000	
NOAEL oral, rat (mg.kg ⁻¹): LD ₅₀	1000 (developmental toxicity) > 2000	
dermal, rabbit (mg.kg ⁻¹): NOAEL	1000 (short-term repeated doses) > 2000	
dermal, rabbit (mg.kg ⁻¹):	(subchronic repeated doses) 2000 (reproductive toxicity)	
NOAEL dermal, rat (mg.kg ⁻¹): 2000	(reproductive toxicity) LC ₅₀ inhalation, rat, for	
aerosols or particles Info not available. (mg.dm ⁻³)	inhalation, mouse, 4 hr, for	
gases		
and vapors	The information is not dissociable.	
b) Corrosivity/Skin Irritation Non-irritating. c)		
Serious eye damage		
Unknown.		
d) Respiratory sensitization / skin sensitization	No information available.	
e) Germ cell mutagenicity	Information not available. f)	
Carcinogenicity	No information available	
g) Reproductive toxicity	Information not available. h)	
Toxicity for specific target organs - single exposure	Information not available. ch)	
Inhalation hazard	No information available.	

SECTION 12: Ecological information					
12.1 Toxicity	Fish				
	Folder name	Test organism fish	Duration of the test	Result	
	LL50		-	>100 mg/l	
	Algae				
	Folder name	Algae test organism	Duration of the test	Result	
	EL50		-	100 mg/l	
	Daphnia				
	Folder name	Daphnia daphnia test	Duration of the test	Result	
	EL50	organism	-	1000 mg/l	
	EL50		long term	10 mg/l	
	12.2 Persistence and degradability				
	Naturally biodegradable (not easily).				
12.3 Bioaccumulative potential No info.					
12.4 Mobility in soil No info.					
12.5 Results of PBT and vPvB assessment					

SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006 of the European Parliament and Council, as amended by Regulation (EC) 830/2015		
WHITE VASELINE EP VASELINE YELLOW EP		
Release date: 19/04/2016	Revision date: 23/03/2017	Version D

	They are not info.
12.6 Other adverse effects	Separate from water using an oil separator. Pay attention to local values for oil in waste water.

SECTION 13: Disposal considerations	
13.1 Waste management methods a)	Suitable methods for removing the substance or mixture and contaminated packaging: If the product becomes waste, mark it, classify it according to the relevant regulations and include identification hand over the waste sheet to a company authorized to dispose of waste according to the Waste Act. Place completely emptied and non-emptied packaging in marked containers for waste collection and marked waste hand over for removal to an authorized person for waste removal.
b) Physical/chemical properties that may affect the way waste is managed	Not listed.
c) Prevention of waste removal through sewerage	Do not pour down the drain.
d) Special safety measures for recommended waste management	Not listed.

SECTION 14: Transport information			
14.1	UN not applicable		
14.2 Proper shipping name (UN): Land transport

SECTION 16: Further information				
	a)	Changes made to the safety data sheet as part of the revision		
		Date of issue of the manufacturer's safety data sheet: 19/04/2016		
		History of revisions:		
		Version	Date	Changes
		D	23/03/2017	Version C, dated 01/24/2013
	b)	Key or legend to abbreviations		
		TODAY	Derived No Effect Level (derived concentration of a substance at which no adverse effects occur).	
		PNEC	Predicted No Effect Concentration (estimation of the concentration of a substance at which adverse effects do not occur).	
		PEL	Permissible long-term exposure limit (8 hours).	
		NPK-P	Maximum permissible concentration, short-term limit.	
CLP		Regulation EC 1272/2008.		
REACH		EC Regulation 1907/2006.		
	PBT	The substance is persistent, bioaccumulative and toxic at the same time.		
	vPvB	Highly persistent and highly bioaccumulating substance.		

SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006 of the European Parliament and Council, as amended by Regulation (EC) 830/2015.		
WHITE VASELINE EP VASELINE YELLOW EP		
Release date: 19/04/2016	Revision date: 23/03/2017	Version D

	c) Important references to literature and data sources. The information provided here is based on the best of our knowledge and current legislation. The safety data sheet was further processed on the basis of the original safety data sheet provided by the manufacturer.
	d) List of relevant hazard statements and/or instructions for safe handling. Hvýt and Pvéyt: none. e)
	Training guidelines. Regular training for handling chemicals. f) Additional
	information. This product must not be used for applications other than those listed in Section 1. The information and data given are based on the current state of knowledge and cannot be regarded as guarantees of product properties. The customer must comply with applicable laws and regulations at his own risk.
